Assembly California Legislature

JIM BEALL JR.
ASSEMBLYMEMBER, TWENTY-FOURTH DISTRICT

February 22, 2007

Executive Director
Diane Matsuda
California Cultural and Historical Endowment
Library and Courts II Building
900 N Street
Sacramento, CA 95814

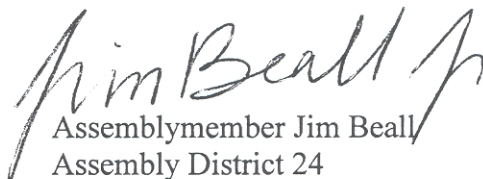

Dear Ms. Matsuda,

I am very pleased to be able to add my support for a project worthy of your consideration. The clock tower of the old San Jose Post Office is a unique and exciting history project that is ready to come back to life as a community centerpiece.

"It's About Time" represents the core of our community's architectural history and spirit. Since the great 1906 earthquake this landmark clock tower has been "unfinished" and only partially operable. The Nels Johnson clock is a marvelous artifact that can truly be showcased as a California treasure.

I encourage the Board to lend all due consideration to this worthy project. It has the support of civic and community leaders, preservation organizations and the public at large.

Sincerely,

Assembllymember Jim Beall
Assembly District 24
